# FUZZY RULE-BASED MODELLING ON RIVER STUDY

LAP Lambert Acad. Publ. Okt 2011, 2011. Taschenbuch. Book Condition: Neu. 220x150x8 mm. This item is printed on demand - Print on Demand Neuware - The use of fuzzy logic in the field of hydrological forecasting is a relatively new area of research and the potential to enhance river study by incorporating this soft computing methodology still remains to be exploited. Unlike mathematical model that require precise knowledge of all the contributing variables, fuzzy logic, on the other hand, offers...
