Createspace, United States, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.I must say that it s quite unbelievable for me to see how many efforts the media are doing nowadays to brainwash people into accepting the Chinese values as the best in the world. It s also very surprising to notice that now almost every movie and TV series finds a reason to either talk or show China on the screens. I truly don t understand why so many people are suddenly obsessed about this country. I have lived there for several years of my life and left, like many foreigners do, because, after a while, it s just unbearable, and it drives you crazy. There is too much insanity and injustice in that country. It s definitely not a place to live and much less worship as an ideal country. However, I decided to be more specific about my point of view, and that s the reason why this book was written.
