By Bradford M. Brown

Biblioscholar Sep 2012, 2012. Taschenbuch. Book Condition: Neu. 246x189x6 mm. This item is printed on demand - Print on Demand Neuware - The changing status of the Army Warrant Officer from inception to the present has created a situation whereby the warrant officer education system is beginning to closely parallel commissioned officer education. This seems to be occurring despite the fact that the warrant is defined as a highly skilled technician and not a high level manager. This study looks at the warrant officer career program as designed and used, and finds that the Warrant Officer Senior course seems to continue the thread of more and generalized education for warrant officers. This study recommends that the Warrant Officer Senior course be eliminated as it is training technical specialists for general management positions. 94 pp. Englisch.
