The Synod The Synod is a group of the world's top politicians who received their orders from upstairs - a shady group of billionaires who pull the strings. There is concern that the huge population is out of control. It is no longer economically viable. The problems now exceed the profits. It is time to take drastic action. The Scientist Science is pure. Working with the genome is expanding knowledge. The ethics can be left to the politicians to worry about. Mikel's Syndrome Mikel's Syndrome is a rare genetic disorder of partial trisomy creating a slight difference in biochemistry but a large difference in a person. A crisis precipitated. There is a law that whatever can go wrong will go wrong. Evolution is the survival of the fittest. The future The future is where it all starts.
