Johnson, St. Paul, Minn. Dear Sir: The State Entomologist has the honor to present herewith his biennial report of the years 1907 and 1908. As will be remembered by you, it was suggested for the sake of economy, and to better present the work of this division, that a printed report from the Entomologist should be issued only once in two years, not annually as heretofore, and, that from time to time as occasion demanded, press bulletins or press notices, circulars, or station bulletins, should be issued to meet the wants of the farmers, horticulturists and others, the law being complied with by riling with you annually on or before December 1st, a typewritten abstract of work accomplished, and an account in detail of all expenditures incurred in discharge of the work. This plan met with your approval, and appears to give excellent results, besides effecting a saving in this department of several hundred dollars annually. The bringing to the notice of farmers and others important information regarding insects at just the time when it is needed, by means of press notices, circulars and press bulletins, is better than waiting for the publication of a report. General Insect Conditions: The years 1907 and 1908 have been average years as regards insect depredations, though in some instances certain species of insect pests have been prominently in view. The occurrence of the Green Bug, so-called, created a great flurry here a year ago this summer, and the Entomologist did everything possible to get the exact...
