This ebook is worth acquiring. Better then never, though i am quite late in start reading this one. You will not truly feel monotony at any time of your own time (that's what catalogues are for about if you ask me).

The story by means of which life and interest are imparted to bookkeeping routine is entirely new, as is the complete presentation of the fundamental principles on which rests the structure of bookkeeping. The method followed in the early part of the text is one which it is felt will meet with favor among all teachers who believe in the laying of a broad and secure foundation and in the teaching of sound theory.
