Createspace Independent Publishing Platform, United States, 2016. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****. American health care is so expensive because of unrestrained free markets, right? Dr. Brook used to think so, until he learned the truth in his medical training. He was an unabashed supporter of socialized medicine, until he saw what socialism was doing to the people it was supposed to be helping, and to the country as a whole. He changed his tune completely during medical school, and opened a family practice that operates as closely to free market principles as possible. The result? Affordable, thorough care brought to those people that the main-stream media say have no access to health care. This book explains what Dr. Brook learned that changed his attitude. It is the result of his years of training and experience as a doctor, and extensive research. How would we know what a free market would do to health care? We have not had one in many decades. We have layer upon layer of government regulations which strangle the efficiency of health care delivery. Obamacare is just the latest layer, although a very important one. Most of the solutions put forth to try to make health care affordable center around getting more of it covered by insurance or government. The simple truth of the matter is that we are over-insured, and that is the underlying problem. Tax incentives promoting health insurance for even the simplest things has led to our high costs. By not taking any insurance, Dr. Brook and others like him keep their costs down to surprisingly affordable levels. This is true in family practice and even for complex surgical care. The poor in America have electronics like computers, smart phones,...
