Square One Publishers. Paperback. Book Condition: New. Paperback. 208 pages. Dimensions: 9.0in. x 6.0in. x 0.8in. While scientists win occasional skirmishes in the battle against cancer, the overall war continues to go badly. Stories abound about revolutionary drugs that may be available in the future, but offer no real help to those who have cancer today. At present, conventional approaches continue to rely on a narrowly focused strategy of treatments, with doctors using, at best, only one or two drugs or other therapies at a time. While this may be acceptable in a laboratory setting or a clinical trial, it has done little to diminish the number of people who die each year from this dread disease. Recently, however, conventional medicines core strategy has been re-examined, and a new, potentially more effective approach has emergedone that combines the best of Eastern wisdom with Western science. Beyond the Magic BulletThe Anti-Cancer Cocktail by Dr. Raymond Chang takes a penetrating look at this bold new way of treating cancer. The book begins by examining modern medicines use of surgery, radiation, chemotherapy, hormone therapy, and targeted drugs in the war against cancer. It then offers a new therapy based on the knowledge that certain off-label drugs, nutrients, and therapies are each somewhat effective against cancer. By combining these therapeutic agents into a cocktail, doctors have found that they can attack the cancer all at once, on many different levels and at several different angles, with the goal of overwhelming the disease. Dr. Chang not only discusses the effectiveness of the cocktail, but also provides an examination of the most valuable agents available. For over a thousand years, Traditional Chinese Medicine has used the cocktail approach to safely and effectively fight disease. Throughout the world, the most successful treatments for HIV and Hepatitis C are...
